

FLORIDA VIRTUAL SCHOOL FULL TIME STUDENTS HEAD BACK TO SCHOOL FOR THE 2016-17 SCHOOL YEAR

Online public school students log on for the upcoming school year; enrollment for grades Kindergarten-5 remains open

Orlando, FL (August 18, 2016) – Students at Florida Virtual School Full Time (FLVS Full Time), a tuition-free online public school serving grades Kindergarten-12 statewide, headed back to school this week for the start of the 2016-17 academic year. While technology continues to transform the way students learn, Florida families are looking beyond traditional schooling to provide their students with a 21st century education from FLVS Full Time.

“With a personalized approach to education, online learning provides a viable option for all types of students in grades Kindergarten-12,” said Marcie Trombino, lead principal Kindergarten-5 for FLVS Full Time. “Many families not only want, but need this option and find it to be a great fit.”

FLVS Full Time provides students a high-quality online education and individualized approach to learning with Florida-certified teachers, a proven curriculum, technology tools, and community experiences.

“We have found that the longer a student is enrolled in our virtual school, the more successful the student is in the online setting,” said Katie Santana, director of instruction for FLVS Full Time. “We look forward to the opportunity to educate the children in the state of Florida, and continue the success that we’ve had in our school.”

FLVS Full Time offers an online learning environment for students seeking a flexible schedule, including those who are ahead or behind in the classroom, who learn at a different pace from their peers, or who want a more personalized approach to learning.

Enrollment for grades Kindergarten-5 remains open through Sept. 23, 2016. Families interested in learning more about online schooling can visit www.FLVSFT.com to see if it is the right fit for their student.
